

Sociology, BS

ASSOCBS

Do you want to better understand intimate relationships, friendship groups or families? This research-based program enables you to explore these areas and investigate why people groups behave the way they do in regard to politics, economics, law, inequality and public health crises.

Program description

Sociology is the study of the organization and development of societies and the institutions within them.

The BS degree program in sociology helps students better understand the development, structure, interaction and collective behavior of organized groups. They explore the theories, practices and policies that underlie the issues of social change, inequality and diversity. Students are trained in the important research skills that are used to describe, interpret and evaluate evidence across diverse settings important in the economy.

This flexible program provides opportunities for students to work collaboratively with faculty on intellectual and policy issues and helps them develop the research skills necessary for the analysis of complex social issues.

The Bachelor of Science requires a quantitative methods course, and the BA requires a qualitative methods course.

Concurrent program options

Students pursuing concurrent degrees (also known as a "double major") earn two distinct degrees and receive two diplomas. Working with their academic advisors, students can create their own concurrent degree combination. Some combinations are not possible due to high levels of overlap in curriculum.

Accelerated program options

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an **accelerated bachelor's plus master's degree** with:

[Communication Studies, MA](#)

[Global Management, MGM](#)

[Interdisciplinary Studies, MA](#)

[Social Justice and Human Rights, MA](#)

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and [how to apply](#).
