Do you want to better understand intimate relationships, friendship groups or families? This research-based program allows you to explore these areas and investigate why people groups behave the way they do in regard to politics, economics, law, inequality and public health crises.

Program Description

Sociology is the study of the organization and development of societies and the institutions within them.

The BS degree program in sociology program helps students better understand the development, structure, interaction and collective behavior of organized groups. They explore the theories, practices and policies underlying the issues of social change, inequality and diversity. This sociology program provides training in the important research skills used to describe, interpret and evaluate evidence across diverse settings important in the economy.

This is a flexible program that provides opportunities for students to work collaboratively with faculty on intellectual and policy issues and helps them develop the research skills necessary for the analysis of complex social issues.

The Bachelor of Science differs from the Bachelor of Arts degree in that it requires an additional methods course.

Concurrent Program Options

Students pursuing concurrent degrees (also known as a "double major") earn two distinct degrees and receive two diplomas. Working with their academic advisors, students can create their own concurrent degree combination. Some combinations are not possible due to high levels of overlap in curriculum.

Accelerated Program Options

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with:

Communication Studies, MA
Global Management, MGM
Interdisciplinary Studies, MA
Social Justice and Human Rights, MA

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated masterâs during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply.

Admission Requirements

General University Admission Requirements:
All students are required to meet general university admission requirements.
First-year | Transfer | International | Readmission

Tuition Information

When it comes to paying for college, everyoneâs situation is different. Students can learn about ASU tuition and financial aid options to find out which will work best for them.
Change of Major Requirements

A current ASU student has no additional requirements for changing majors.

Students should visit the Change of Major form for information about how to change a major to this program.

Transfer Options

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU® to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and they help students save time and money in their college journey.

Global Opportunities

Global Experience
Students are able to enhance their understanding of societal structure and human interaction through a global lens when studying abroad. Programs with unique cultural experiences can be found in many countries of the world, and students can gain heightened cultural competency and communication and critical thinking skills while exploring a new and exciting part of the globe.

Career Opportunities

Graduates are prepared for employment in corporate or governmental organizations or to continue their studies in graduate programs in sociology, social science or professional schools. They are able to apply the sociological perspective to a wide variety of jobs in:

- business and management
- government
- social services
- the criminal justice system
- the health professions
- the nonprofit sector

The program provides graduates valuable preparation for careers in:
• journalism
• politics
• public administration
• public relations

Graduates with an advanced degree in sociology and who have the investigative skills and ability to work with diverse groups may become:

• community activists
• community developers
• criminologists
• demographers
• gerontologists
• organizational advocates
• research analysts
• statisticians
• survey researchers
• urban planners

Career example titles and salaries listed below are not necessarily entry level, and students should take into consideration how years of experience, geographical location, and required advanced degrees or certifications may affect pay scales.
