The W. P. Carey business degree in information security connects you with the requisite digital expertise to thrive in an increasingly digital world.

Program Description

Data security has become an everyday part of business operations. Protecting key stakeholders and clients is an essential aspect for businesses of all sizes and types.

The BA program in business with a concentration in information security provides students with core business skills as well as the basic critical and technical skills necessary to understand cyber threats, risks and security in the business setting. Students discover why data security and risk management are critical parts of daily business operations, and they learn about cyber infrastructure and information security in the context of startups and enterprises across industries.

At a Glance

- **College/School:** [W. P. Carey School of Business](#)
- **Location:** [West](#) or [Online, ASU Local](#)
- **Additional Program Fee:** Yes
- **Second Language Requirement:** No
- **First Required Math Course:** MAT 210 - Brief Calculus or MAT 117 College Algebra
- **Math Intensity:** Moderate

**Required Courses (Major Map)**
Concurrent Program Options

Students pursuing concurrent degrees (also known as a "double major") earn two distinct degrees and receive two diplomas. Working with their academic advisors, students can create their own concurrent degree combination. Some combinations are not possible due to high levels of overlap in curriculum.

Accelerated Program Options

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with:

- Global Management (Creative Industries and Design Thinking), MGM
- Global Management (Digital Audience Strategy), MGM
- Global Management (Global Affairs), MGM
- Global Management (Global Business), MGM
- Global Management (Global Development and Innovation), MGM
- Global Management (Global Digital Transformation), MGM
- Global Management (Global Entrepreneurship), MGM
- Global Management (Global Health Care Delivery), MGM
- Global Management (Global Legal Studies), MGM
- Global Management (Integrated Health Care), MGM
- Global Management (Nonprofit Leadership and Management), MGM
- Global Management (Public Administration), MGM
- Global Management (Public Policy), MGM
- Global Management (Sustainability Solutions), MGM
- Global Management (Sustainable Tourism), MGM
- Global Management, MGM

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated masterâs during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply.

Admission Requirements
General University Admission Requirements:
All students are required to meet general university admission requirements.

First-year | Transfer | International | Readmission

Additional Requirements:

First-year admission requirements for this program are the same as the university's first-year admission requirements.

Readmission requirements: Students must have a transfer GPA of 3.00 (if applicable) and a cumulative ASU GPA of 3.00.

Transfer Admission Requirements:

Transfer applicants must have a GPA of 3.00 for all transfer work and must meet university transfer admission requirements. Transfer students should select an additional major, which must be outside the W. P. Carey School of Business, when applying for admission.

Students who are admissible to the university but do not meet admission requirements for this program and did not select a second major or are not admissible to their second major choice will be placed in the BA program in applied business and technology solutions in W. P. Carey School of Business, which is offered via ASU Online as well as at the Polytechnic and West campus locations. Students not interested in that program or campus location may reach out to wpcareyug@asu.edu for assistance in selecting another degree program.

Tuition Information

When it comes to paying for college, everyone’s situation is different. Students can learn about ASU tuition and financial aid options to find out which will work best for them.

Change of Major Requirements

Students should refer to the W. P. Carey School of Business website to determine if they meet change of major requirements. Students ready to change their major should submit their request through the Advising SOS platform.

Students should visit the Change of Major form for information about how to change a major to this program.

Attend Online

ASU Online
ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program’s ASU Online page for program descriptions and to request more information.

ASU Local

It is now possible to earn an ASU degree with ASU Local, an integrated college experience in which students take advantage of in-person success coaching and programming experiences on site while completing one of 130+ undergraduate online degree programs, all of which come with online faculty interaction and tutoring support.

Transfer Options

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU® to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and they help students save time and money in their college journey.

Global Opportunities

Global Experience

As globalization continues to impact the way the world lives and works, international experiences have become vital for businesses that rely on information technology and security. Through international study and internships, students can gain valuable skills employers are looking for: communication and interpersonal skills, flexibility, motivation and a real-life perspective on business applications worldwide. Immersion in a foreign culture will help students gain a new perspective on how to manage digital business across borders with various organizations. Participating in a Global Education program contributes to this by allowing students to improve their interpersonal and language skills while broadening their understandings of international business practices.

The W. P. Carey School of Business recommends these programs for students majoring in information security.

Career Opportunities

This is an ideal degree for those interested in anything from small-business startups to the management of large cybersecurity companies. Graduates are prepared for managing digital business, working in organizations that predominantly conduct business online, and developing basic information security technical competency relevant for most organizations.
Career example titles and salaries listed below are not necessarily entry level, and students should take into consideration how years of experience, geographical location, and required advanced degrees or certifications may affect pay scales.
