ASU is no longer accepting new students to this program. Students interested in this program should apply to the BS in food and nutrition entrepreneurship.

Program Description

The BS program in nutrition with a concentration in food and nutrition management provides students with the ability to apply nutrition principles to food production. This concentration is designed to provide students with an understanding of the food industry and teach them how to manage and market food and develop a food or menu that meets a specific nutritional guideline.

Coursework focuses on a strong foundation in food purchasing, production and planning. Additional coursework in management, marketing and nutrition prepares students for a variety of food service positions. Graduates can also pursue the credentials of certified dietary manager, school nutrition specialist or registered sanitarian.

- **Math Intensity:** General
Concurrent Program Options

Students pursuing concurrent degrees (also known as a "double major") earn two distinct degrees and receive two diplomas. Working with their academic advisors, students can create their own concurrent degree combination. Some combinations are not possible due to high levels of overlap in curriculum.

Admission Requirements

General University Admission Requirements:
All students are required to meet general university admission requirements.
First-year | Transfer | International | Readmission

Change of Major Requirements

Students should refer to https://changemajor.apps.asu.edu for information about how to change a major to this program.

Attend Online

ASU Online

ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here.

ASU Local

It is now possible to earn an ASU degree with ASU Local, an integrated college experience in which students take advantage of in-person success coaching and programming experiences on site while completing one of 130+ undergraduate online degree programs, all of which come with online faculty interaction and tutoring support. Those interested may learn more about ASU Local here.

Transfer Options

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU™ to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience
for students. These pathway programs include exclusive benefits, tools and resources, and they help
students save time and money in their college journey. Students may learn more about these programs by
visiting the admission site: https://admission.asu.edu/transfer/MyPath2ASU.

Global Opportunities

Global Experience
With over 250 programs in more than 65 countries (programs vary in length, from one week to one year),
study abroad is possible for all ASU students who wish to acquire global skills and knowledge in
preparation for a 21st century career. Students earn ASU credit for completed courses, while staying on
track for graduation, and they may apply financial aid and scholarships toward program costs.
https://goglobal.asu.edu/

The College of Health Solutions recommends the following study abroad programs for students majoring
in nutrition: https://goglobal.asu.edu/students/major/chs/nutrition.

Career Opportunities

According to the Bureau of Labor Statistics, the number of food service managers is projected to increase
by 15% between 2020 and 2030, faster than the average for all occupations. This degree prepares students
to become food service directors at schools, health care facilities and corporate food service operations.
Graduates of the program aspire to own restaurants or nutrition-related businesses, work in supplement or
pharmaceutical sales, or work in food marketing and distribution.
