Culture, Technology and Environment, BA

Prepare to meet the challenges of the future in this unique and innovative degree program where you improve your cultural competence and harness new and emerging technology to develop humanistic solutions for environmental, societal and global issues.

Program Description

The BA in culture, technology and environment is a collaborative program offered by the Humanities division in The College of Liberal Arts and Sciences. Students take a humanistic approach to address issues surrounding:

- culture: approaching equitable and diverse global citizenship through the study of culture and language
- environment: addressing climate change, biodiversity loss, pollution and environmental justice through the arts and humanities
- technology: bringing humanities thinking to the human and ethical challenges of a world shaped by technology

Courses include studies in English, film and media studies, history, philosophy, religious studies, languages and cultures. Students also complete a core of classes that provide context and grounding, as well as hands-on experience in identifying challenges and developing solutions.

Concurrent Program Options

Students pursuing concurrent degrees (also known as a "double major") earn two distinct degrees and receive two diplomas. Working with their academic advisors, students can create their own concurrent degree combination. Some combinations are not possible due to high levels of overlap in curriculum.

Admission Requirements

General University Admission Requirements:
All students are required to meet general university admission requirements.
First-year | Transfer | International | Readmission

Change of Major Requirements

A current ASU student has no additional requirements for changing majors.

Students should refer to https://changemajor.apps.asu.edu for information about how to change a major to this program.

Transfer Options

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU™ to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and they help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: https://admission.asu.edu/transfer/MyPath2ASU.

Global Opportunities

Global Experience
Study abroad expands students' perspectives by exposing them to new and unique cultures, communities and people. Students can explore the English language at a deeper level through an extended lens of literature, dialects and rhetoric in one of over 250 study abroad programs. Students who study abroad gain heightened cultural competency and communication and critical thinking skills, which enhance their educational experience and their resumes. More information on available programs can be found on the Global Education website at [https://goglobal.asu.edu/](https://goglobal.asu.edu/).

### Career Opportunities

Potential career fields include:

- climate change or policy analysis
- documentary writing or producing
- environmental law
- journalism
- nature or science writing
- nonprofit leadership and management
- technical writing

Career examples include but are not limited to those shown in the following list. Advanced degrees or certifications may be required for academic or clinical positions.
