Fluency in Spanish, coupled with critical-thinking and analytical skills, affords you an unparalleled competitive edge in today's job market and our increasingly diverse society. Traveling, living and working in Spanish-speaking communities around the world provides a wide array of personal and professional opportunities to embrace life in a globalized world.

Program Description

Students pursuing a BA degree in Spanish have the opportunity to gain reading, speaking and writing proficiency in the language. The Tempe campus program offers two study options: the Spanish linguistics track and the Spanish literature and culture track.

The linguistics track provides an in-depth understanding of the Spanish language while the literature and culture track addresses issues throughout the Spanish-speaking world as seen through the lenses of Spanish language, culture and literature.

A Bachelor of Arts in Spanish is also available for ASU Online students; it combines courses from both the linguistics track and the literature and culture track.

Students are encouraged to contact a school advisor to discuss which option is best for them. Throughout the year, through study abroad and exchange programs, ASU offers opportunities to study in countries in which Spanish is spoken. More information regarding study abroad opportunities is available on the Global Education website: [https://goglobal.asu.edu/](https://goglobal.asu.edu/).
