History of Science, Technology and Innovation, BA

LSHSSIIBA

This program's name has changed effective Fall 2022. The previous name was History of Science, Ideas and Innovation.

Leveraging ASU’s Polytechnic campus as a hub of innovation, you'll explore, through a broad range of coursework, the social, historical and intellectual impacts of science, ideas and technology on our world.

Program Description

The BA program in the history of science, technology and innovation provides students with a grounding in the social and intellectual issues central to understanding the role of science, technology and ideas from past to present.

This transdisciplinary degree program encourages students to combine coursework in the natural and applied sciences with historical and philosophical approaches to social knowledge.

Students majoring or minoring in the history of science, technology and innovation program graduate with a foundation for advanced work either in the humanities, the sciences or in transdisciplinary fields bridging written and technical work.

At a Glance

- **College/School:** [College of Integrative Sciences and Arts](College_of_Integrative_Sciences_and_Arts)
- **Location:** Polytechnic

- **Additional Program Fee:** No
• **Second Language Requirement:** No
• **First Required Math Course:** Any math course that meets the MA designation.
• **Math Intensity:** General

**Required Courses (Major Map)**

**Concurrent Program Options**

Students pursuing concurrent degrees (also known as a "double major") earn two distinct degrees and receive two diplomas. Working with their academic advisors, students can create their own concurrent degree combination. Some combinations are not possible due to high levels of overlap in curriculum.

**Admission Requirements**

General University Admission Requirements:
All students are required to meet general university admission requirements.

First-year | Transfer | International | Readmission

**Change of Major Requirements**

A current ASU student has no additional requirements for changing majors.

Students should refer to [https://changemajor.apps.asu.edu](https://changemajor.apps.asu.edu) for information about how to change a major to this program.

**Transfer Options**

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use [MyPath2ASU™](https://changemajor.apps.asu.edu) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and they help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: [https://admission.asu.edu/transfer/MyPath2ASU](https://admission.asu.edu/transfer/MyPath2ASU).

**Global Opportunities**

Global Experience
With over 250 programs in more than 65 countries (programs vary in length, from one week to one year), study abroad is possible for all ASU students who wish to acquire global skills and knowledge in preparation for a 21st century career. Students earn ASU credit for completed courses, while staying on track for graduation, and they may apply financial aid and scholarships toward program costs. More information on programs is available on the Global Education website at [https://goglobal.asu.edu/](https://goglobal.asu.edu/).

## Career Opportunities

Graduates are prepared for successful careers in a wide range of fields, including science and technical writing, consulting, museum studies, the digital humanities and other fields that benefit from transdisciplinary exchange. Graduates are also prepared to enter advanced programs in history and science as well as law and medical schools.

Career examples include but are not limited to those shown in the following list. Advanced degrees or certifications may be required for academic or clinical positions.
