Public Service and Public Policy (Science and Technology Policy), **BS**

PPPASFSTBS

Are you curious about the effect of science and technology on human well-being? This concentration provides a deeper understanding of how science, technology and policy intersect to impact society. It prepares you for a high-demand career in public policy.

**Program Description**

The School of Public Affairs offers a concentration in science and technology policy as part of the BS in public service and public policy. The program prepares students to tackle many of today's most important challenges: climate change, energy, information privacy, public health and global development.

The core BS program in public service and public policy includes comprehensive coverage of topics in public policy, public leadership and management. Applications and examples encompass a wide variety of policy topics and management approaches.

This program examines the public sector and addresses, in a practical way, the challenges facing the public. It is unique because it enables students to study public service, policy, and administration with a focus on professional preparation for a career. The major is also well suited to students interested in pursuing graduate education in law, public administration, public policy and other areas focused on public affairs and the common good.

This major is eligible for the Western Undergraduate Exchange program at the following location: Downtown Phoenix campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150% of Arizona resident tuition plus all applicable fees. Students should click the link for more information and eligibility requirements of the WUE program.

Concurrent Program Options

Students pursuing concurrent degrees (also known as a "double major") earn two distinct degrees and receive two diplomas. Working with their academic advisors, students can create their own concurrent degree combination. Some combinations are not possible due to high levels of overlap in curriculum.

Accelerated Program Options

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with:

Global Management, MGM
Public Administration (Emergency Management), MPA
Public Administration (Nonprofit Administration), MPA
Public Administration (Public Finance), MPA
Public Administration (Urban Management), MPA
Public Administration, MPA
Public Policy (Environmental Policy), MPP
Public Policy (Policy Informatics), MPP
Public Policy (Science and Technology Policy), MPP
Public Policy, MPP

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and how to apply.
Admission Requirements

General University Admission Requirements:
All students are required to meet general university admission requirements.

First-year | Transfer | International | Readmission

Tuition Information

When it comes to paying for college, everyone’s situation is different. Students can learn about ASU tuition and financial aid options to find out which will work best for them.

Change of Major Requirements

A minimum cumulative GPA of 2.00 is required to change into this program.

Students should visit the Change of Major form for information about how to change a major to this program.

Transfer Options

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU® to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and they help students save time and money in their college journey.

Global Opportunities

Global Experience
With over 300 programs in more than 65 countries (programs vary in length, from one week to one year), study abroad is possible for all ASU students who wish to acquire global skills and knowledge in preparation for their career. Students earn ASU credit for completed courses, while staying on track for graduation, and they may apply financial aid and scholarships toward program costs.

Career Opportunities
The program is focused primarily on providing students with the knowledge and skills required for entry- and mid-level supervisory and managerial positions in the public sector, such as city, county, state and federal agencies, though they would successfully function in many other types of organizations as well. Graduates are prepared for work in nonprofit organizations and in the private sector at the interface of public affairs and private enterprise.

For those who already have work experience, the degree provides further opportunity for promotion.

Career example titles and salaries listed below are not necessarily entry level, and students should take into consideration how years of experience, geographical location, and required advanced degrees or certifications may affect pay scales.
