Industrial Design, MSD

Do want to broaden your career opportunities in design or academia? If you have previous design education or experience, then this research based design program is for you.

Program Description

Degree Awarded: MSD Design (Industrial Design)
The MSD program in industrial design at The Design School is meant for individuals interested in advanced studies in:

- criticism and methodology
- design processes
- history
- human factors
- technology
- theory

This program helps students develop an understanding of contemporary design issues and develop skills by conducting specialized research. It also prepares the graduate student for a career in industrial design education.

This is a research based degree. Students interested in a studio based program should refer to the Master of Industrial Design.

At a Glance

- College/School: Herberger Institute for Design and the Arts
- Location: Tempe
Degree Requirements

36 credit hours and a thesis, or
36 credit hours including the required applied project course (DSC 593)

Students may choose to complete their graduate work by way of a thesis or an applied project. A master's degree thesis is a scholarly endeavor that demonstrates the ability of the author to do supervised research and intellectual writing. The applied project is somewhat different. It includes a project and a written document and is a scholarly endeavor that demonstrates the ability of the designer to do supervised research and present substantial evidence of the ability to apply research creatively to a design situation.

Admission Requirements

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in graphic design, industrial design, interior design or a related design discipline from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or they must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

1. graduate admission application and application fee
2. official transcripts
3. portfolio
4. letter of intent
5. resume
6. contact information of two references
7. proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency through either the TOEFL or the IELTS regardless of their current residency. The minimum score for admission to the program is 80 on the TOEFL iBT or an overall band score of 6.5 on the IELTS.

When applying for admission, applicants must declare one of the concentrations.
The portfolio, letter of intent, resume and contact information of two references must be submitted via Slideroom (https://asudesign.slideroom.com/#/Login). The Design School requires that these be submitted in addition to the graduate application requirements.

GRE scores are not required.

Admission to the program is selective. Admission cannot be deferred; students must enroll in the semester for which they are admitted, otherwise they will need to go through the entire application process again for the year in which they are applying.

A personal interview is not required; however, a candidate wishing to visit the school is welcome and should make arrangements by contacting the department.

**Tuition Information**

When it comes to paying for college, everyone's situation is different. Students can learn about ASU tuition and financial aid options to find out which will work best for them.

**Application Deadlines**

**Fall**

**Career Opportunities**

Graduates work for global design consultancies, corporate design teams, universities, research institutes and manufacturing companies.
