Program Description

Degree Awarded: MAcc Accountancy and Data Analytics
The nine-month MAcc program is full-time, cohort-based and delivered by the School of Accountancy, highly ranked by the Public Accounting Report.

Infused with a data and analytics emphasis, the cutting-edge curriculum is structured to provide students with an in-depth working knowledge of advanced accounting topics that are most relevant in today's business environment and reviewed every year with input from accounting professionals and alumni. Esteemed faculty experts bring real-world experience into each class, giving the degree even more long-term value.

The Master of Accountancy and Data Analytics program is designed for individuals who want to immerse themselves in full-time graduate studies, take classes during the day and fulfill course requirements for the CPA exam in Arizona. Because of the quality of the Master of Accountancy and Data Analytics program, students gain the skills and knowledge needed to launch their accounting careers while opening the door to top hiring firms.

As a STEM-designated program, eligible graduates on student visas have access to an Optional Practical Training extension for up to 36 months. This longer work authorization term may help international students gain additional skills and experience in the U.S.
