

Supply Chain Management (Graduate Certificate)

BASCMCERT

ASU is not currently accepting applications for this program.

Program description

Degree awarded: Certificate Supply Chain Management (certificate)

The certificate program in supply chain management is composed of courses with content that is tightly integrated and offers a comprehensive coverage of core topics in supply chain management.

The intended audiences for this certificate include working professionals who have graduated from general management undergraduate or graduate business programs and wish to supplement their degrees with focused, graduate-level courses in supply chain management. Students are either relatively new to supply chain management and desire a foundational knowledge of supply chain management complexities as well as a strong understanding of how companies leverage their supply chains to achieve competitive advantage, or experienced supply chain management professionals who wish to update their knowledge regarding current thinking and best practices through interaction with faculty engaged in broad-based research and consulting.
