

# Supply Chain Management and Engineering, MS

BASCMEMS

ASU is not currently accepting applications for this program.

## Program description

### **Degree awarded: MS Supply Chain Management and Engineering**

The MS in supply chain management and engineering is a two-year, 30 credit hour program for working professionals in supply chain management, industrial engineering or a related field.

The program consists of 15 credit hours of courses from the Department of Supply Chain Management in the W. P. Carey School of Business and 15 credit hours from the industrial engineering program in the School of Computing and Augmented Intelligence in the Ira A. Fulton Schools of Engineering.

Most students have an undergraduate degree in a technical field, such as business, engineering or science. The objective is twofold: to provide students with knowledge of the fundamental foundations across the full spectrum of supply chain management functions and enable them to use state-of-the-art engineering tools to analyze, control and optimize modern supply chains.

## Degree requirements

30 credit hours including the required applied project course (SCM 593)

**Required Core (27 credit hours)**

## **Culminating Experience (3 credit hours)**

SCM 593 Applied Project (3)

## **Admission requirements**

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of a 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of a 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

1. graduate admission application and application fee
2. official transcripts
3. resume
4. GMAT or GRE test scores
5. personal statement
6. one letter of recommendation
7. proof of English proficiency

### **Additional Application Information**

An applicant whose native language is not English must provide [proof of English proficiency](#) regardless of their current residency.

ASU does not accept the GRE® General Test at home edition.

The W. P. Carey School of Business and the Ira A. Fulton Schools of Engineering seek exceptional individuals who are working supply chain professionals or in closely related fields. Applicants must be highly motivated and have strong intellectual capabilities. The admission committee looks for outstanding academic credentials, character qualities such as maturity, integrity and leadership, and diversity in perspectives and experiences.

## **Tuition information**

When it comes to paying for higher education, everyone's situation is different. Students can learn about [ASU tuition and financial aid](#) options to find out which will work best for them.

## Career opportunities

The Master of Science program in supply chain management and engineering includes the essential academic preparation for students who are interested in pursuing professional careers in purchasing and procurement, operations or logistics.

Career examples include:

- logistics manager
- purchasing analyst
- supply chain analyst
- supply chain manager
