

# Supply Chain Management, MS

BASCMMS

Delivered by world-renowned supply chain faculty members in one of the best business schools in the U.S., this master's degree program can be completed on campus or 100% online. Earn your degree --- and propel your career --- in as little as nine months.

## Program description

### **Degree awarded: MS Supply Chain Management**

Students discover the technical elements of supply chain and learn how to manage the flow of products and the processes that generate them.

The MS program in supply chain management provides students with an understanding of the role the supply chain manager can play in an enterprise supply chain and in the overall strategy. The program exposes students to leading supply chain management operating practices, analysis methods, technology applications and strategy development.

## At a glance

- **College/School:** [W. P. Carey School of Business](#)
- **Location:** [West Valley](#) or [Online](#)

## Accelerated program options

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an [accelerated bachelor's plus master's degree](#) with:

[Supply Chain Management, BS](#)

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program. Interested students can learn about eligibility requirements and [how to apply](#).
