

# Clinical Research Management (Graduate Certificate)

NUHCRGRCC

Are you driven to advance medical science, introduce innovative medical products to the market, and enhance patient care? Open the doors to a flourishing career in the dynamic realm of clinical research management through this comprehensive online certificate program.

## Program description

### **Degree awarded: Certificate Clinical Research Management (certificate)**

The clinical research management certificate gives research professionals an opportunity to advance their careers in clinical research. The program is designed to help them build a solid foundation in clinical trial management.

Students learn about ethical and responsible conduct in clinical research, as well as clinical research regulations, ethics, operations and data management. These topics include management of day-to-day operations, recruitment, retention, staffing, data management and clinical trial management.

- **Location:** [Online](#)

## Degree requirements

15 credit hours

### **Required Core (12 credit hours)**

HCR 561 Responsible Conduct of Clinical Research (3)

HCR 562 Clinical Research Data Management and Technology Implementation (3)

HCR 563 Fundamentals of Regulatory Affairs (3)

HCR 565 Clinical Research Operations (3)

### **Restricted Elective (3 credit hours)**

### **Additional Curriculum Information**

Students should see the academic unit for the list of restricted electives.

## **Admission requirements**

Applicants must fulfill the requirements of both the Graduate College and the Edson College of Nursing and Health Innovation.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a nationally recognized, regionally accredited academic institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program or a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

1. graduate admission application and application fee
2. official transcripts
3. resume or curriculum vitae
4. two online references
5. personal statement
6. response to application questions
7. proof of English proficiency

### **Additional Application Information**

An applicant whose native language is not English must provide proof of English proficiency regardless of their current residency.

Applicants must have six months of full-time, related clinical research work or internship experience as described on the applicant's resume or curriculum vitae. Applicants may be required to submit a job description or internship transcript from their employer.

The online references should be professionals, such as colleagues, supervisors, professors or other professional contacts, who can attest to the applicant's academic and leadership experiences.

Knowledge of anatomy, physiology and medical terminology is recommended.

Applications are due 30 days before the start of the session.

## Tuition information
