

# Maritime Logistics, Certificate

BALGMACERT

## Description

Designed through a partnership between ASU and the U.S. Naval Community College, the certificate in maritime logistics allows enlisted personnel (Navy, Marines and Coast Guard) access to ASU's robust learning technology, student support and quality curriculum, designed by ASU experts and military personnel.

Students examine the theories, concepts and components of logistics, with particular attention to serving and supporting maritime and military logistics operations. In addition, students gain an understanding of logistics and supply chain management, financial management and accounting, and they obtain the analytics skills necessary to be successful in maritime and military logistics, as well as supply chain management and logistics understanding required by private industry.
