Looking for an interdisciplinary certificate to prepare you as a globally informed citizen? Whether your interests lie in social, political or economic issues, exploring the historical origins and current effects of globalization through a cultural lens is the foundation you need to better understand today's world.

Description

The globalization and culture certificate program offers students the opportunity to increase their understanding of the cultural dimensions of globalization, in the context of economic, political and social changes in the world today.

This certificate program provides an interdisciplinary approach to understanding the phenomenon of globalization, including the historical, political, cultural and social forces that shape contemporary globalized society. It draws on courses from several colleges and academic units and emphasizes studies related to the history and culture of globalization, conflict and contact between regions of the world and questions related to language and identity.

Enrollment requirements

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Career opportunities

Graduates who have combined the certificate in globalization and culture with their major program of study may be more marketable to employers. They often decide to pursue employment in education, political analysis, the military, tourism and hospitality or marketing.
