

# Project Management, Minor

LSPROMAMIN

Project management is a vital skill in today's job market. If you have a passion for leadership, project management knowledge could help you on the path to your career.

## Description

The minor in project management prepares students to manage complex projects and lead project management teams in a variety of professional settings. The project management minor complements many majors at ASU; project management skills enhance and enrich the knowledge students acquire from a variety of majors.

Students learn the skills needed to manage complex projects in fields like engineering, business, health care, information technology, sustainability, computing, public and nonprofit sectors, and many more. Students learn skills in project leadership, project quality management, project risk management, project schedule management, project cost management and project resource management.

## Program requirements

[2024 - 2025 Minor Map](#)

[Minor Map \(Archives\)](#)

The minor in project management requires 18 credit hours, including a minimum of 12 upper-division credit hours.

**Required Core Courses -- 6 credit hours**

PMG 240: Introduction to Project Management (3)

PMG 321: Project Leadership, Strategy and Scope (3)

**Electives (choose four) -- 12 credit hours**

PMG 322: Project Schedule Management (3)

PMG 323: Project Cost Management (3)

PMG 324: Resources in Project Management (3)

PMG 326: Project Procurement Management (3)

PMG 421: Project Risk Management (3)

PMG 422: Project Quality Management (3)

PMG 484: Internship (3)

**Notes:** No more than 3 credit hours of internship may be used toward this minor.

PMG 240 is needed as a prerequisite for all 300-level minor courses and PMG 321 is required for all 400-level minor courses.

Prerequisite courses may be needed in order to complete the requirements of this minor.

## Enrollment requirements

**GPA Requirement:** 2.00 (university minimum)

**Incompatible Majors:** BA in organizational leadership (project management) and BS in project management

**Other Enrollment Requirements:** None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

## Attend online

### ASU Online

ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may [view the program's ASU Online page](#) for program descriptions and to request more information.

## Career opportunities

Minor programs allow students to develop additional competencies that complement the marketable knowledge and skills they acquire in their majors.

A minor in project management can help students with leadership skills, communication, problem-solving, assessment, effectiveness and cultural competency skills as they pursue careers in account management, facilities management, project management and senior leadership roles. Employers in many fields seek to hire and promote those who can skillfully manage complex projects and lead project management teams.
