

Health Care Coordination, Minor

NUHCCOMIN

Description

A minor in health care coordination allows students to combine the knowledge of their major discipline with the foundational and advanced concepts of health care coordination.

Students who complete this innovative minor program have the knowledge that enables them to navigate the health care system and assist in the coordination of health care for individuals and families and to optimize outcomes.

Program requirements

[2024 - 2025 Minor Map](#)

[Minor Map \(Archives\)](#)

A "C" (2.00 on a 4.00 scale) or better is required in all courses.

Required Courses -- 6 credit hours

[HCR 220: Introduction to Health Professions and the U.S. Health Care System \(CIVI OR H\)](#) (3)

[HCR 221: Foundational Concepts for Health Care Coordination](#) (3)

Electives (select three) -- 9 credit hours

[HCR 302: Social Determinants of Health](#) (3)

[HCR 321: Advanced Concepts for Health Care Coordination](#) (3)

[HCR 420: Professional Role Development: Health Care Coordination](#) (3)

[HCR 422: Policy and Financial Principles in Health Care Coordination](#) (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

Enrollment requirements

GPA Requirement: 2.00

Incompatible Majors: BS in health care coordination

Other Enrollment Requirements: None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major or the minor program. Courses taken for the minor may not count toward both the major and the minor.

Career opportunities

The courses in a minor complement and enhance the skill sets and knowledge that students acquire in pursuing their major program. Although most career areas require more training than a minor can provide, students who complete the health care coordination minor program often pursue employment in an organization focused on health care.
