

# Health Care Compliance and Regulations, Minor

NUHCCRMIN

## Description

The minor program in health care compliance and regulations integrates best practices from the business, regulatory, ethics and medical fields. Students acquire the foundational and advanced knowledge required to support regulatory compliance in a health care environment, and the minor's focus on regulatory and ethical compliance enhances a student's major discipline.

A "C" (2.00 on a 4.00 scale) or better is required in all courses.

### Required Courses -- 16 credit hours

[HCR 259: Compliance and the Health Care Industry](#) (4)

[HCR 264: Regulatory Essentials of Compliance Program Design](#) (3)

[HCR 360: Data Security and Privacy in Health Care Compliance](#) (3)

[HCR 362: Monitoring and Auditing for Health Care Compliance](#) (3)

[HCR 460: Investigations and Disclosures in Health Care Compliance](#) (3)

Prerequisite courses may be needed in order to complete the requirements of this minor.

## Enrollment requirements

**GPA Requirement:** 2.00

**Incompatible Majors:** BS in health care compliance and regulations

**Other Enrollment Requirements:** None

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added. Certain major and minor combinations may be deemed inappropriate by the college or department of either the major or the minor program. Courses taken for the minor may not count toward both the major and the minor.

## Career opportunities

The courses in a minor complement and enhance the skill sets and knowledge that students acquire while pursuing their major program. Although most career areas require more training than a minor can provide, students pursuing the health care compliance and regulations minor often pursue careers on the administrative side of health care organizations.
